

# DAMJAN ZIMBAKOV

CS Student | Freelancer | Mobile App Developer | Machine Learning Enthusiast

+389 71 987 100   zimbakovtech@gmail.com   LinkedIn   Skopje, Macedonia

## SUMMARY

Computer Science student and ML enthusiast with hands-on experience in developing and deploying predictive models. Co-led a project implementing Random Forest classifiers, optimizing XGBoost models, and building neural network architectures using TensorFlow. Proven ability to apply data-driven approaches as a freelancer and course creator, translating complex datasets into actionable insights. Skilled in Python programming, data preprocessing, model evaluation, and version control.

## EXPERIENCE

### Mobile App Developer

NexTime MK

10/2024 - Present   Strumica, Macedonia

<https://nextime.mk/>

- Led development of a cross-platform Flutter appointment-scheduling app for Android & iOS
- Integrated Firebase Authentication, push and in-app notifications, and scalable state management
- Implemented real-time calendar syncing, unit testing, and analytics tracking
- Optimized overall app performance

### Course Creator

Coddy

03/2023 - Present

<https://coddy.tech/creator/7zhsXdjUEfOWdZbLThLg8qXryiD2>

- Coddy, Inc. is a creator-led marketplace focused on teaching code in a practice-driven way. It offers an integrated compiler, bite-size lessons, and comprehensive courses.
- Currently an official Coddy course creator, developing courses

### Freelancer

Fiverr

06/2021 - 08/2022

- Tutored clients in programming fundamentals, algorithms, and data structures
- Solved competitive programming problems, emphasizing optimized solutions
- Built cross-platform apps using Flutter (Dart). Strengthened analytical and technical communication skills

### Web Developer

Dental Center Zebekov

06/2024 - 10/2024   Strumica, Macedonia

- Gained hands-on web development experience by designing and deploying a fully responsive website for a dental clinic ([www.zebekov.mk](http://www.zebekov.mk)), incorporating modern UI/UX principles and performance best practices

## EDUCATION

### BSc in Computer Science

FCSE, UKIM

09/2023 - 06/2026   Skopje, Macedonia

- Relevant coursework: Algorithms, Calculus, Discrete Math, Probability, AI, Soft
- Ware Engineering. GPA: 9.25/10. Developed strong foundations in data structures
- Statistical modeling, and machine learning principles

### High School Diploma

Morenci High School

09/2022 - 06/2023   Morenci, MI, USA

- Completed advanced STEM curriculum

## SKILLS

Python	Flutter	C++	Java
Git	HTML & CSS	NumPy	
Jupyter	Scikit-learn	Pandas	

## LANGUAGES

Macedonian

Native

English

Proficient

Serbian

Advanced
